SUMMARY

Frontend Developer skilled in building responsive and interactive web applications using React.js, JavaScript, HTML, and CSS. Experienced in reusable component architecture, API integration, responsive mobile UI development, and clean code practices. Passionate about creating modern user-friendly interfaces and continuously learning new frontend technologies.

EXPERIENCE

InvesttPlus

Content Writing Intern

March 2026 – April 2026

Bhilai, Chhattisgarh

- Created SEO-friendly finance and business content that improved audience engagement and content readability across digital platforms.
- Researched trending financial topics and delivered well-structured articles within deadlines, helping maintain consistent content publishing.
- Collaborated with the content team to optimize article quality and user-focused writing, contributing to stronger online visibility and brand reach.

PROJECTS

NoteMindAI | React.js, JavaScript, CSS

- Developed a responsive note management web application using React.js with reusable component architecture and clean UI structure.
- Integrated REST APIs for smooth data handling and improved overall user interaction experience.
- Implemented clean and maintainable frontend code practices to optimize responsive UI rendering and performance.
- Designed mobile-friendly layouts using responsive web design principles and modern CSS techniques.

Portfolio Website | React.js, HTML, CSS, JavaScript

- Built a fully responsive portfolio website with reusable React components and interactive frontend sections.
- Developed pixel-perfect responsive frontend screens from modern UI designs with focus on accessibility and user experience.
- Integrated EmailJS functionality and maintained clean reusable frontend code structure for scalability and readability.

AI Based Smart Traffic Dashboard | HTML, CSS, JavaScript

- Designed an interactive dashboard with responsive mobile UI layouts and dynamic frontend components.
- Worked with APIs and real-time data visualization techniques to improve usability and user interaction.
- Focused on reusable UI sections, responsive design consistency, and clean frontend development practices.
